With **Jurassic World** fever in full swing there's never been a better time to knit a **dinosaur**! We're delighted, therefore, that Sally Muir and Joanna Osborne, authors of the **much-loved** Best In Show series, have given us a monstrous exclusive from their brand new title **Knit Your Own Dinosaur**. You can knit Freddie the Velociraptor today

with your free kit and **bonus pattern**, and then read more about the designers themselves on page 68, including why their **creations** were a favourite of Princess Diana.

There's a distinctly fun feel to this month's pattern collection that's perfect for **sunny August**. Who could resist a **smile** at the sight of Sid, our koala curtain tie-back (p53), or our quintet of colourful **knitted cakes** (p73)? Our garments and accessories also have a joyful air about them; own White Whisper shrug (p29) would be perfect for a **summer wedding**, whilst our Palm Springs tote (p25) is the perfect companion for a jaunt to the beach. And there's absolutely no doubt that everyone will **fall in love** with Lawrence, our grumpy crocheted chameleon on page 85!

If you're looking for a great day out this summer why not plan a **yarn crawl**? We've got several suggested itineraries to get you started on your way – check out our feature on page 39.

Happy knitting!

OUR ROUND-UP OF WHAT'S HOT
IN THE KNITTING UNIVERSE

Marvellous Mabel & Ivy

Tangled Yarn's delightful new in-house label is a glorious lightweight blend making it ideal for crisp yet soft trans-seasonal knits like shawls. Available in 48 beautiful shades, each little ball of lambswool and cotton retails for £4.20.

Cute as a button

Lovely Louisa Harding has designed a beautiful new pattern book for children in Cassia, a wool and nylon blend. The clean-cut designs reflect simple European style with a practical edge for playful little people. Call 01535 664222 or visit www.designeryarnsuk.com for stockists.

COLOUR ME HAPPY

Made from lightweight metal in fun, bright colours, KnitPro's new collection of needles are a must-have. Aptly named Zing, the range includes single pointed, double pointed and circular needles retailing for £4.25, £6 and £6.25 respectively. Check out the KnitPro Facebook and Twitter pages for competitions before they hit the stores! www.knitpro.eu

Did you know?

The Crafty Yarn Council estimates that out of 30 million people who knit or crochet in the US, two million are men and boys!

A little luxury

Treat yourself to a little luxury with a hand-crafted yarn bowl! Keeping it British, Erika Knight's bowls are hand crafted by renowned artisan ceramicist Jo Davda and glazed in shades to compliment the yarn collection. Indulge yourself for £40 for a large bowl and £45 for a small bowl from 07974 954663, www.awoollytail.com

AND THE WINNER IS...

The results are in! The competition to choose a new colour for Stylecraft's Special DK range has been a huge success. From the hundreds of entries the judging panel including Lucy from Attic 24, blogger Phil from A Twisted Yarn, our editor Sarah Neal and Stylecraft's Sales Director Annabelle Hill narrowed down the choice to just ten delicious shades. Then they called on the knitting public to cast their vote and you did – in your thousands! The clear winner was Duck Egg which was submitted by Lorraine from Prestatyn who wins 100 balls of Special DK and entry to this year's Knitting and Stitching show in October where the new colour will be launched. The runners up will also be getting a goodie bag from Stylecraft. Congratulations!

CHARITY WE LOVE...

Knitted Knockers

Knitting is now playing a fantastic role in helping women who have undergone an mastectomy due to breast cancer. Introducing Knitted Knockers. The name may make you giggle but the idea is brilliantly inspirational. A group of volunteer knitters and crocheters are crafting breasts to be used as prostheses, which cause less irritation than the generic silicone alternative. The average set of knockers costs around £10 to make but this amazing charity gives them to women who need them for free. The group has already made over 1000 this year already! As of mid-September, they will again be accepting applications to volunteer so why not lend your needles to a worthy cause. Visit www.knittedknockersuk.com to find out more!

Amazing Aisling

The Aisling shawl kit from Eden Cottage Yarns has been an absolute hit this summer, so much so they've released it in lovely new colours! Designed by Justyna Lorkowska, the kit includes two skeins of Milburn 4 ply in Steel and two balls of Askham 4ply in Yarrow along with the pattern, a sachet of Soak and a cute cotton bag to keep it all in. Snap yours up for £36 at www.edencottageyarns.co.uk

UNDER THE SEA

The LK office has fallen in love with Stitch & Story's new shade in The Chunky Yarn. Aptly named Deep Sea Blue, the 100% sustainable merino wool wonder-yarn retails for £8.95. Better yet, we're giving away Deep Sea Blue, Stormy Grey and a pair of 12mm needles on page 50 as our Star Letter prize! www.stitchandstory.com

Do you have any top tips for knitting stripes?

@LIBBYSKNIT

Here's a solution to avoiding striping problems: buy gorgeous self-striping yarn!

JUDITH WELLS

Don't do what I did and cut the yarn every time you change colours – so many ends to weave in...!

PAM CROFTER

I can't get enough of self-striping yarns. Great for socks and shawls.

MARTINE *makes*

GUERNSEY GIRL MARTINE IS A BLOGGER, TEACHER, KNITWEAR DESIGNER AND REMARKABLY AVERAGE UKULELE PLAYER. FIND OUT MORE AT MARTINEELLIS.COM

This month, I've been knitting stripes – lots and lots of stripes! For me, stripes are best described as 'no concentration required' colourwork. Whilst I love knitting Fair Isle, or stranded colourwork, I don't always find it easy. I have to think about what I'm doing and really concentrate on the pattern. Stripes, on the other hand, are simple, and as such are quite relaxing. They make simple knits exciting and addictive, and for some reason striped knitting just seems to knit up faster than plain.

Choosing colours

Sometimes selecting colours is the most challenging part of completing a striped project. My go-to colour combining method usually involves matching a neutral colour, such as grey, with something bright, such as yellow. The results are often pleasing ("grelow" is my new favourite colour combination). Alternatively, consult the colour wheel and choose either complementary colours – two colours directly opposite each other on the wheel – or analogous colours – any three colours side by side on the wheel. If this all too much, then self-striping yarn is for you!

Techniques

If you are fairly new to knitting, and have not quite got to knitting in the round yet, then the main striping technique you need to master is carrying your yarn up the side of the work. Doing this means you don't end up having to weave in a million ends once you've finished your knitting. If you want to knit stripes in the

round, you should master the 'jogless stripe' or the 'jogless jog'. The whole point of knitting in the round is that it is seamless, but when you are knitting stripes in the round, the start and end of the stripe won't meet up, creating an obvious

seam. Mismatched stripes can really ruin the look of a hat or a sock, for example. YouTube has some great videos demonstrating the jogless stripe and jogless jog.

Isn't it time you added a striped project to your work-in-progress pile?

Picking up stitches

When your sleeve and neck borders are worked in a different colour to your main fabric it is essential to pick up stitches neatly, as the contrast between the yarns will make poor finishing more obvious. Check out our step-by-step tutorials and videos for how to do this at www.letsknit.co.uk

About the Yarn

Debbie Bliss Paloma blends 60% alpaca with 40% wool to make a soft and snuggly yarn. The chainette construction means it is really light, despite being so super chunky. The ball band recommends 10mm needles but this cushion uses smaller needles to create a tight fabric.

Need an Alternative?

Wendy Serenity Super Chunky comprises 10% wool, 20% alpaca and 70% acrylic. It doesn't have the same construction as the main yarn, so you may need to experiment with different needle sizes to ensure the fabric isn't too rigid.

Let's Shop

Debbie Bliss Paloma costs £5.95 per 50g (65m) ball from 01782 862332, www.cucumberpatch.com

Gardeners' World

*Celebrate flowers in bloom with
Nicki Tench's eye-catching cushion*

Originally created for our sister magazine *Homemaker*, this striking cushion was inspired by the flowers in the designer's garden. It combines knitting, crochet and stitching to great effect – we love the bold floral fabric. The cushion is really simple to make and features a lovely textured double moss stitch pattern. The flowers are worked in crochet but if you're not a fan of the technique, read our Knitwise panel for an alternative suggestion.

Flower power

If you're not comfortable handling a crochet hook, you can make some easy flowers by working in i-cord. Simply cast two stitches on to a double-pointed needle and knit across the stitches. Don't turn at the end of the row, instead slide the stitches to the other end of the needle and pull the yarn across the back ready to knit the row again. Continue like this until your i-cord measures 30cm and cast off. Now, loop the cord to fold it into a flower shape and stitch it in place.

Using 3mm hook and centre colour, make 6ch and join with a sl st in first ch to form a ring

□ Rnd 1 (RS): 1ch, 15dc in ring, using petal colour, sl st in first dc

□ Rnd 2: * 3ch (counts as 1tr), 1tr in each of next two sts, 3ch, 1 sl st in next st, rep from * four times more. Five petals

□ Fasten off

Using a tapestry needle, weave in beginning yarn tail around centre to close hole. Weave fastening off tail on wrong side of flower. Sew lilac flower in centre of Cushion cover front, and sew other flowers around centre flower, using photo as a guide

LEAVES (make six)

Using 3mm hook and green DK, make 8ch

□ Rnd 1 (RS): 1dc in second ch from hook, 1htr in next ch, 1tr in each of next two ch, 2tr in next ch, 1htr in next ch, 1dc in next ch (this is the last ch), 2ch, working along bottom of chain: 1dc in first ch, 1htr in next ch, 2tr in next ch, 1tr in each of next two ch, 1htr in next ch, 1dc in last ch, join with a sl st in first dc

□ Fasten off

FABRIC BACKING

Take fabric square and fold and press a 1.5cm seam around each edge. With right sides together pin and sew three sides of fabric back to knitted front. Turn right way out and insert cushion pad. Sew fourth side together to enclose cushion pad **LK**

"If you want both sides of your cushion to be knitted, simply double the amount of yarn A and knit two pieces instead of one"

knitwise*The extra mile*

To make your yarn go further, you can carry the yarn up the wrong side of the work instead of cutting the unused shade after every colour change; simply drop the old colour and pick it up when you need it again. As you are sewing a fabric lining into the bag, you don't need to worry about catching any of your baggage in the extra loops of yarn. It will also mean there are less ends to weave in at the end!

To make up

Weave in loose ends. Join side and bottom edges, easing bottom edges of bag to form a box shape. Cut a 5cm square from each bottom corner of two pieces of fabric. With RS facing, pin them together along side and the bottom seams, leaving bottom corners open. Stitch in place, taking a 1cm seam allowance and press seams open. Flatten base so side and bottom seams meet to make a box shape. Stitch with a 1cm seam allowance. Press back a 5cm turning around opening. Pin ends of Straps to WS of lining, 15cm from side seams and sew in place. Place lining inside bag, matching side seams. Stitch lining and bag together around opening, just below cast-off edge. Work an additional round of stitches just below moss stitch border **LK**

This beautiful shrug from Sarah Menezes is perfect for summer weddings and special occasions!

As much as we all enjoy wearing pretty dresses for posh parties, it's always good to have a pretty shrug on hand for when the sun starts to set and the evening turns chilly. This gorgeous design features lace details on the back and sleeves, and a sweet little ruffle around the bottom edge. The stitch pattern is made up of an eight-row repeat, but you will need to start shaping at the same time as working the lace motif. See our Knitwise for further guidance.

About the Yarn

Katia Merino Baby is a lovely and soft, pure merino wool yarn that knits to a standard 4ply tension. It can be machine washed although we recommend gently handwashing lacy knits.

Need an Alternative?

For an even more luxurious knit, try Sublime Baby Cashmere Merino Silk 4ply. This sumptuously soft yarn blends 75% extra fine merino wool, with 20% silk and 5% cashmere for a truly special make.

Shaping up

When casting off and decreasing in the lace sections, be sure that all eyelet pairs are complete. By this we mean that all yarn forward increases are matched with a decrease. If a yarn forward is lost due to shaping, the stitches in the matching decrease should be knitted. Similarly, if a decrease has been incorporated into the shaping, omit the yarn forward. Where double decreases are worked, k2tog or ssk may be substituted, providing one of the corresponding yarn forwards remains.

"If you want a lightweight cover-up, but are daunted by the idea of knitting a large shawl, this shrug is the perfect summer make!"

Win an iPad!

Vote in the British Knitting Awards and you could win an iPad Air 1 worth £329, or one of two fabulous runner-up prizes!

Cast your vote and reward all those hard working people and brands who help make your knitting experience special! For the last few months we've been asking you to nominate

your favourites, and now that a final shortlist has been created (right) it's over to you to choose the winners. You can vote online at www.letsknit.co.uk/britishknittingawards

or on the form opposite, and you'll be automatically entered into our prize draw for a chance to win one of three amazing prizes – details below!

One lucky winner will receive a brand new iPad Air 1. This portable tablet is light and slim, with a high quality retina display screen and a full-HD-capable main camera on the back. It has 16 GB of storage and connects to the internet using WiFi.

We have teamed up with iconic cookware brand Pyrex to offer one lucky runner-up a £250 package of Pyrex cookware.

Originally developed in 1915, Pyrex has earned the trust of millions of cooks and bakers throughout the past 100 years. From the classic borosilicate glass food preparation collection and ceramic oven to tableware, to metal bakeware and pots and pans, each product has been developed with consumer needs in mind ensuring that great times are always homemade for the next century and beyond.

Another lucky runner up will receive over £100 of fabulous knitting goodies from top brands, including some gorgeous luxury yarn to enhance your stash. The perfect prize for every knitter!

WHAT TO DO

Simply tick off your favourites in the boxes provided, or, if your preferred choice isn't mentioned, add them in the space marked 'other'. You can do this on the form provided here or online at www.letsknit.co.uk/britishknittingawards. If using the form opposite, post it to us in an envelope marked **British Knitting Awards 2015** to Marketing Dept., 21-23 Phoenix Court, Hawkins Road, Colchester, Essex, CO2 8JY. Once all the votes have been counted the results will be announced in the Christmas Special issue of Let's Knit, on sale Friday 2nd October 2015.

Give felting a try with Jane Burns' crochet-inspired accessory

Many crafters cite never putting your pure wool makes into the washing machine as one of the golden rules of knitting... but some rules are made to be broken! Felting your knits is a great way to add a new and interesting texture to your finished project. Combining bright colours with practical fashion, this beautiful bag is just the thing for shopping trips or impromptu visits to the beach alike. You'll be a felting pro before you know it!

Fabulous felting

Felting is a technique that involves shrinking your finished project in the washing machine on a high temperature wash. The heat and agitation cause the fibres of the knitting to stick together, adding a fuzzy texture to your work and in turn making it much sturdier – perfect for accessories such as this bag. Natural fibres like wool (not the superwash kind!) work best for felting, and remember that felting your project will cause it shrink by around 40%, so don't worry if it seems a little big when you cast off! You can read all about felting and how to do it over on page 89.

- ☐ K until work meas 120cm
- ☐ Cast off

To make up

Weave in loose ends and close centre cast-on circle. With WS facing, fold each square in half to form three triangles. Arrange triangles so tips of all three are touching at centre point. Sew along edges that are lying side-by-side or, alternatively, work a slip stitch join using a crochet hook. Fold top corners of bag over bag rings. Thread strap through rings and sew in place. Place in washing machine on 70°C wash to felt (see Knitwise) **LK**

Stop off at these great stores on your yarn crawl

We've all heard of pub crawls, but they don't give you the opportunity to squeeze sumptuous yarns and often leave you with nothing to show for your spending but an aching head. Yarn crawls win on every level and are the perfect excuse for visiting not one, but several stores one after the other. So, whether you go on your own or with your fellow knitters, we've put together a few suggestions for great places to stop and shop on your very own yarn crawl.

NOTTINGHAMSHIRE
ROUTE: Kirkby in Ashfield – Gedling – City Centre – Keyworth

1 THE ARTFUL BUTTONER, KINGSWAY, KIRKBY IN ASHFIELD

All crafters love buttons and this store has an impressive range, including glass, handmade and vintage designs. There's plenty of yarn too, with offerings from Sirdar, King Cole, Woolcraft and DMC. There are daily knitting groups, while tutor-led crochet sessions take place on Saturday mornings and Wednesday evenings. Contact the shop to find out more about the monthly 'Crafternoons' and children's craft classes.

Open: Mon-Tues, Thurs-Fri 9am-5pm, Weds 9am-12.30pm, Sat 9am-4pm, 01623 758684, www.facebook.com/theartfulbuttoner

4 THREADS OF KEYWORTH, MAIN STREET, KEYWORTH

Whether you are looking for yarns, patterns or accessories, or just need some advice from those in the know, this store ticks all the boxes. It stocks a good choice of yarns from Sirdar, Rico DMC, and Cygnet, amongst others, and if you're there on a Friday, why not join the knitting and craft group? They meet at 1pm at The Salutation Inn, Main Street.

Open: Mon-Sat 9am-5pm, 0115 937 6010, www.threadsofkeyworth.co.uk

30 minutes

2 KNITWORKING, MAIN ROAD, GEDLING

If it's yarn you're after, then Knitworking is the place to be. There are lots of different brands available from Debbie Bliss to Schoppel-Wolle, and many more in between. You'll also find more unusual brands, like Lopi and Lily Sugar 'n' Cream. Why not learn something new while you're there? Get in touch with the shop to find out more about the knitting and crochet workshops on offer.

Open: Mon-Sat 9am-5pm, 0115 961 3081, www.knitworking.co.uk

3 KNIT NOTTINGHAM, MANSFIELD ROAD, NOTTINGHAM

Get your knitty mitts on yarns from King Cole, Patons, Regia, Navia and more – not to mention gorgeous locally dyed hanks from Truly Hooked. This city centre store is a great place to find inspiration. There are workshops running on most Sundays, with topics ranging from knitting basics to lace and Fair Isle. Contact the store to find out more and book a place.

Open: Mon-Sat: 10am-6.30pm, 0115 947 4239, www.knitnottingham.co.uk

25 minutes

EDINBURGH

ROUTE: City Centre – Leith

1 PINS & NEEDLES, GILMORE PLACE, EDINBURGH

Here there's a wide range of goodies from Stylecraft King Cole, plus lots more knitting essentials. Don't forget to check out the exclusive collection of kits, including some brilliant Edinburgh-themed makes. There is plenty to tempt stitchers too, with accessories galore. See the website or get in touch to find out more about the knitting and crochet classes available. Get 10% off in store if you bring this issue with you and show the advert on page 38.

Open: Mon-Fri 10am-5.30pm (Weds 'til 1.30pm), Sat 10am-5pm, 0131 622 7222, www.pins-needles.net

10 minutes

2 MCAREE BROTHERS, HOWE STREET, EDINBURGH

Part of a chain of stores across Scotland, McAree Brothers is a wonderful source of creative inspiration for knitters and crocheters alike. With lots of familiar brands available, from Rowan and Patons to Erika Knight and Jamieson & Smith, you're sure to find everything you need for your next project. Although most of the store's classes are held in Stirling, keep an eye on the website for events in Edinburgh.

Open: Mon-Sat 9.30am-5.30pm, 0131 558 1747, www.mcadirect.com

10 minutes

GLASGOW

ROUTE: Dumbarton – City Centre – Bishopbriggs – Barrhead

1 THREADS WOOL SHOP, GLASGOW ROAD, DUMBERTON

Now located in bigger and brighter premises, Threads Wool Shop is the perfect place to stock up on yarns from Sirdar, King Cole, Stylecraft, James C. Brett, Cygnet and many more – look out for further additions coming soon. The expert staff are always on hand to offer advice and assistance. A regular knitting group meets on Wednesday evenings, while crochet workshops are held on Thursdays.

Open: Mon-Fri 10am-5pm, Sat 10am-4.30pm, 01389 761385, www.threadswoolshop.co.uk

30 minutes

4 THE KNITTING BEE, MAIN ST, BARRHEAD

With knowledgeable staff and an extensive range of Rico, Wendy, Sirdar and King Cole yarns, plus many other big name brands, this shop has everything a knitter could ask for. Join in with one of the shop's 'knit and chat' sessions on Wednesday and Friday from 10am-12noon, or pop along on a Thursday night from 7-9pm.

Open: Tues-Wed 10am-5pm, Thurs 1-7pm, Fri-Sat: 10am-4pm (June-August, Sat 'til 2pm)

25 minutes

3 ALICE'S WOOL SHOP, CROWHILL ROAD, BISHOPBRIGGS

Since moving premises in 2014, this traditional yarn store has doubled in size and is a good port of call for knitters looking to replenish their stash. You'll find yarns from King Cole, Katia, Cygnet, Stylecraft and Sirdar – and with over 2,000 patterns in stock, you certainly won't be short of ideas and inspiration. Pop along from 5.30-7.30pm on a Tuesday to join the knitting and crochet night.

Open: Mon-Fri 10am-5pm, Sat 9.30am-5pm, Sun 11am-4pm, 0141 772 9214, www.aliceswoolshop.co.uk

15 minutes

2 THE YARN CAKE, QUEEN MARGARET DRIVE, GLASGOW

This city centre store is well named as it combines a delightful yarn shop with a tasty cafe. It offers knitters a great selection of yarns from mainstream and independent brands – including some homegrown fibres – and you can treat yourself to some delicious homemade goodies while you shop. There's a drop-in knitting and crochet clinic on Tuesdays, and a general group on Thursdays, plus a spinning group on the first Sunday of the month.

Open: Tue-Fri: 11am-6pm (Tues & Thurs 'til 10pm), Sat-Sun: 11am-5pm, 0141 946 5305, www.theyarncake.co.uk

3 KINGFISHERS BLUE, LEITH WALK, EDINBURGH

A traditional yarn shop with a modern feel, this store is located just outside the city centre. It's one of the few places where you can buy individual balls of Ice Yarns, so is well worth a visit. You'll also find yarns from Stylecraft, Sirdar and King Cole, plus patterns, accessories from Pony, and exclusive wooden yarn bowls.

Open: Tues-Thurs 10am-4.30pm, Fri 10am-4pm, Sat 10am-2pm, 07881 976746, www.kingfishersblue.co.uk

HAMPSHIRE ROUTE: Cowplain - Rowlands Castle - Southsea

1 THISTLE, LONDON ROAD, COWPLAIN

This shop is a great stop-off for knitting and stitching fans alike. It stocks yarns from Sirdar, Stylecraft and Sublime, plus a selection of patterns for the whole family. If you've always wanted

to learn a new skill, why not arrange your visit to coincide with one of Thistle's workshops? Contact the store for more details.

Open: Mon-Sat: 9am-4.30pm (Thurs 'til 6pm), closed Weds, 02392 253972, www.knotjustwool.co.uk

2 HANDMADE STUDIOS, THE GREEN, ROWLANDS CASTLE

Situated in a converted 18th century cottage, this yarn shop not only stocks some of your favourite brands, like Debbie Bliss and Rowan, but it also has gorgeous yarns from independent dyers, including Little Boo Yarns, Eden Cottage and Unbelieva-wool, just to name a few. Don't forget to check out the range of jewellery and gifts whilst in store.

Open: Tues-Sat 10am-5pm, 02392 412901, www.handmadestudios.org

YORKSHIRE ROUTE: York - Tadcaster - Knaresborough

1 RAMSHAMBLES, SHAMBLES, YORK

Nestled in York's famous street, this little yarn shop has plenty of treats in store. Featuring both luxury and everyday brands, you'll be able to get your hands on yarns from West Yorkshire Spinners, Rowan, Debbie Bliss, Noro and King Cole. There are workshops too, so contact the store to learn more.

Open: Mon-Fri 10am-5pm, Sat 9:30am-5.30pm, Sun & Bank hol 11.30am-4.30pm, 01904 639500, www.ramshambles.co.uk

3 KNITTING PRETTY, MARKET PLACE, KNARESBOROUGH

Full of all those essentials that every knitter loves, this colourful store offers a wide choice of yarn from popular names like King Cole, Adriafl and West Yorkshire Spinners. To make sure you've got all your must-have accessories, take a look at the collections from KnitPro and Clover. The shop also unveiled a new knitting corner on Yarn Shop Day earlier this year, so pay it a visit to see for yourself!

Open: Mon-Sat 9:30am-5:30pm, 01423 869338, www.facebook.com/knittingknaresborough

2 NEEDLECASE, KIRKGATE, TADCASTER

Stock up on goodies from Sublime, West Yorkshire Spinners, Lang and more at this cheerful shop. There are plenty of patterns to give you ideas, plus accessories and knitting bags. For a unique purchase, take a look at the line of knitting kits that are exclusive to Needlecase. If you're a sewing fan too, you'll love the range of ribbons, buttons, fat quarters and more. The new class timetable for the autumn will be available soon so keep an eye out for the latest announcements!

*Julie Ferguson's soft throw
is a trans-seasonal delight*

Made from a superwash wool blend, this heavenly homeware is versatile and practical. It's the perfect size to curl up under for an afternoon nap or to adorn a baby cot. Using only garter stitch and stocking stitch with no shaping, this design is great for beginners looking to take on their next knitting challenge with stripes.

About the Yarn

The 75% acrylic, 25% superwash wool composition of both Ella Rae Cozy Soft and Cozy Soft Prints is beautifully soft and gives great stitch definition. Both yarns are available in a range of delightful colours to suit any project.

Need an Alternative?

Adriafile Mirage and Mirage Multicolour are solid and patterned wool and acrylic blends that knit to a similar tension. If you're not confident with working in a second yarn, simply use Mirage Multicolour throughout to achieve spots of colour.

Let's Shop

Ella Rae Cozy Soft has an RRP of £4.95 and Cozy Soft Prints has an RRP of £4.99, stockists for both can be found at 01535 664222, www.intercontinental yarns.co.uk

Carrying yarn when working stripes

Instead of cutting your yarn and rejoining it every time you start a new stripe colour, try working it into the sides of the piece. This will save yarn, minimise weaving in ends and make neater edges. It's really quite simple, just twist two yarns together each time you reach the end of the row that the spare yarn hangs from. If you are changing yarns, twist and proceed with the second yarn. To change back, drop the yarn you are using and pick the first one up again.

About the Yarn

King Cole Cotton Soft DK is a machine washable, pure cotton yarn with a soft finish. It knits to a standard tension and comes in 26 cheerful shades. Why not experiment with different combinations?

Need an Alternative?

Wendy Supreme Luxury Cotton DK is another 100% cotton yarn. It has been mercerised for added strength and gives the yarn a pretty sheen. Shades 3094 Fondant and 3660 White are close matches to the colours shown here.

Kitchen Aid

*Practise mosaic knitting with
Jane Burns' pretty cook's set*

These eye-catching makes are super easy to knit as they use slipped stitches to create the intricate colour pattern – that means you are only using one shade per row.

They are knitted in a soft pure cotton yarn, which is also hardwearing and easy to care for. Mosaic knitting gives a double thickness fabric, and the pot holder is made of two layers for extra heat protection.

Mosaic magic

This colourwork technique is effectively a two-row stripe pattern, but by slipping stitches from previous rows, you can create intricate patterns, without having to worry about multiple bobbins of yarn or stranding across the back of the work. As with all slip stitch patterns, some vertical columns of stitches will have more rows than others but you will not notice this in the final design.

□ Changing colour after every alt row, cont as set working appropriate row of Chart until work meas 40.5cm, ending after a Row 16

Star LETTER

First of all, I love reading Let's Knit. It's always my most exciting post of the month! My lovely mum first bought me a year's subscription for Christmas, and it's certainly kept my love of knitting alive!

At the age of 12 I decided I wanted to knit a jumper, and after convincing my mum she really did have the patience to teach me to knit, I produced a somewhat lumpy, irregular-sized jumper. I was so proud! This created an obsession that lived all through my teenage years, so when it reached my 20th birthday my family knew exactly what to get me – knitting related gifts!

But the cream of the crop was my birthday cake, made by my exceptionally talented younger sister. And as it was so wonderful, I thought I'd send in a picture... And, of course, the selfie I just had to take with the cake!

Suzanna Knight

Thank you for your letter, Suzanna – your cake looks like every knitter's dream dessert! Will any birthday ever be able to top that? We hope you enjoy your Star Letter prize!

PURLS OF WISDOM

By Claire Thomas

Holiday weather

Today, I'm planning my next knitting holiday. Now, longtime readers of these hallowed pages might recall that I used to have annual knitting holidays with friends, before pregnancies intervened and my husband started to assume a rabbit-in-the-headlights look at the mere mention of my leaving him alone with our small and disproportionately noisy children for days on end. But, as I emerge from the cycle of pregnancy, baby and subsequent pregnancy that has characterised the past

three years, the possibility of a knitting holiday is looking more feasible again, and boy, am I breaking out the bunting.

Energised by the mere thought of knitting uninterruptedly for days at a time, I have been looking at dates in the middle of August, and pricing up holiday cottages in the Algarve... then Sorrento... Then I realised I was deranged.

Listen to me carefully, if you're thinking of taking a knitting holiday yourself at any time. Don't go somewhere touristy, with things to do. Definitely don't go somewhere

where you'll get the weather. Those places are for ordinary holidays; holidays where you visit museums, taste local delicacies, or just sit basking in the sun like a pasty English lizard. To get the most out of your knitting holiday you must go somewhere with not very much to do. Somewhere cold and rainy is ideal, at the coldest, most miserable time of year. You need, in short, to be bored.

I really do know whereof I speak. My most successful knitting holidays were spent in rainy, wintry Novembers past in Castleton, Derbyshire. Castleton has three main things to do: hill walking, the famous Blue John caves, and tea shops. I am claustrophobic, so the caves were out for a start. Hill walking in icy sleet and gales is ideal for dedicated hill walkers, which I am not; I was content to look at the hills, through glass. The glass in the windows of the tea shops, which was absolutely one thing I did do. When not sampling local cakes, I cosied up in my room, knitting to my heart's content, tea steaming by my side, Jaffa Cakes close at hand, nothing to do but smile. It was idyllic.

By contrast, one time, seized by madness, I chose York in the summer for my knitting holiday

- not nearly so good. The warm sunshine tempted me to see the sights of York and after a full day walking the city walls, squeezing through the Shambles and admiring the Minster I hadn't knitted a stitch - nor did I have the energy to. I took my knitting on a river picnic and promptly fell asleep with a full stomach and summer weather. By the time I came home, I'd done half a sock, in horrible contrast to my happy rainy Castleton breaks where I used to come home with two-thirds of my Christmas knitting done.

In memory of this, I'm now looking at broken down bothies in the Highlands with outside loos and midges for my holiday. I'm going to have the best time ever. No, I mean it.

Sid the Koala

Make Jane Burns' fun marsupial friend for your home

Perfect for a nursery, this little guy will help to tie back your curtains whilst adding extra cuteness to the room. The gorgeous silvery blue tone of the Sirdar yarn makes this slow-moving creature come to life. Knitted in the round, Sid can easily be made in colours to suit the theme of the room. And with a few safety amendments, he'd also be great as a toy for a little one!

About the Yarn

Sirdar Country Style DK is a versatile 40% nylon, 30% wool, 30% acrylic blend that comes in lots of bright colours as well as muted tones.

Sirdar Snowflake DK is a super soft fleecy yarn that creates a fluffy texture and comes in soft, light shades.

Need an Alternative?

Patons Diploma Gold DK is a wool, acrylic and nylon blend that knits to a similar tension to Country Style DK. Shade Blue (6220) matches the Sirdar colour nicely.

King Cole Cuddles DK is another fleecy yarn that also comprises 100% polyester and gives a similar fluffy effect.

Tactile TREATS

EXPLORE THE WORLD OF
TOUCHY-FEELY YARNS

From furs to bobbles, sparkles to fuzz, textured yarns that create interesting effects are set to be the next big thing in the knitting world. We've selected eight of our favourite effect-creating yarns for you to try so that your next project is knitted in avant garde style.

1 KING COLE TINSEL CHUNKY

Tinsel isn't just for Christmas, add sparkly accents to your knits all year round! Perfect for cute little toys and accessories with a jazzy edge, this yarn is available in a great range of bright burst of colour. One 50g (70m) ball costs £2.45 from **01621 815576**, www.thecheapshoptiptree.co.uk

2 BERGERE DE FRANCE LUNELE

Add a hint of metallic luxury to any pattern with a fine sparkly thread. The slubs in this fine yarn also give texture to plain knits and highlight the luxury shine. Available in white, gold and silver, Lunele is a jazzy must-have. One 25g (325m) ball costs £6.25 from www.bergeredefrance.co.uk

3 ADRIAFIL TABATA

A 100% wool yarn with a tubular structure in contrasting shades, Tabata creates an interesting, fuzzy effect, ideal for cosy accessories and highlight garments. This fancy yarn comes in a rainbow of bright and neutral colours. One 50g (75m) ball costs £5.36 see www.adriafil.com/uk for stockists

4 ROWAN FUR

The classic fur-effect yarn, Rowan's 97% wool and 3% polyamide blend has a soft, cosy texture. This yarn is perfect for warm scarves and small accessories or knit a gilet to make an animal-friendly garment. One 50g (60m) ball costs £8.25 from **0131 558 1747**, www.mcadirect.com

5 CYGNET BUMPER BOUCLÉ

New from Cygnet, this vibrant, super chunky bouclé yarn knits up in no time and creates a thick, heavily textured finish. Ideal for blankets and small accessories with a fun twist in a range of bright and autumnal tones. One 100g (60m) ball costs £3.95 from www.theyarnshop.co.uk

6 RICO POMPON PRINT

When knitted up, the pom pom shapes in this yarn line up to create a thick, bubbly finish. Also available in solid colourways, the multicoloured print highlights the fun, bouncy nature of this unusual yarn. One 200g (100m) ball costs £8.49 from **0800 505 3300**, www.woolwarehouse.co.uk

7 JAMES C. BRETT FLUTTERBY CHUNKY

So full of velvety softness, you would be forgiven for thinking this yarn is made of clouds. In a chunky weight, it comes in a beautiful range of pastel colours and punchy prints which, when knitted, create a texture somewhere in between fleece and velvet. One 100g (175m) ball has an RRP of £4.09, for stockists call **01274 565959**, www.jamescbrett.co.uk

8 SIRDAR KASHA

A gigantic ball of soft, fluffy goodness that knits into a soft throw. Multi-tonal highlights and complimentary shades accentuate the mohair in the blend which in turn adds the fuzziness that you can't resist curling up with. One 300g (600m) ball costs £21.50 from **01782 862332**, www.cucumberpatch.com

Vintage Lilac

Escape into old world elegance with Helen Ardley's lacy accessory

A delicate floral shade and timeless lace pattern will take you back to a time reminiscent of a Jane Austen novel. Pair with a floaty summer dress or wear it to complete a formal outfit for a summer wedding. Although the design looks complex, a simple repetition of a straightforward 28 row pattern achieves a deceptively intricate result.

Lifeline

A lifeline is a piece of smooth, contrasting yarn placed through stitches on a row that you have knitted correctly, and can be invaluable in the event of needing to rip back rows, making it much easier to put the row back on the needle. Thread your lifeline onto a tapestry needle and slip it through each stitch on the knitting needle, leaving several inches on each side of the work so it doesn't get pulled through. Then continue to knit following the pattern, moving the lifeline every few inches.

Do the reverse

This pattern asks you to reverse shapings when working the Right front of the cardigan. This means you will be working a mirror version of the Left front to keep the shaping correct - for example, instead of casting off the stitches at the beginning of a RS row, you will be casting the stitches off at the beginning of a WS row instead. You will need to also work buttonholes on the Right front to correspond with the buttons you will sew onto the Left front, and for a neat finish, make sure your decrease stitches lean in the right direction. If you're getting in a muddle, try using stitch markers and row counters to keep track of where you are supposed to decrease your work.

Elephant, *Best In Show: Knit Your Own Zoo*

Best in SHOW

We chat with **Sally Muir**, one half of the talented pair behind our Freddie the Velociraptor and the much-loved Best In Show series of books

From domestic favourites such as the loyal Labrador to more exotic choices like the axolotl, dynamic design duo Sally Muir and Joanna Osborne have successfully captured the hearts of knitters everywhere with their wonderfully imaginative Best In Show series of books. Now encompassing seven titles, the publications showcase

over 100 critters from right across the animal kingdom in knitted form and we're sure the latest addition to the series, *Knit Your Own Dinosaur*, is going to be just as popular! We recently spoke to Sally to find out how she and Joanna got started in the world of knitting and just where they get the inspiration for their glorious creations.

Credit to Holly Jolliffe

The Early Days

Like most knitters, Sally and Joanna were taught the craft as children, long before the talented pair started to design for their famous Best in Show series.

"Jo was taught by her mother, and I was taught by the nuns at my school," Sally tells us. "We were both fairly young and we've now been knitting for years."

"You can make anything out of knitting – that's one of the things that's kept us hooked for so long. We have a great time pushing our knitting in new and interesting directions."

The pair met through Sally's brother back in 1979 and the two avid knitters felt an instant connection. Warm and Wonderful (since renamed Muir & Osborne), their first exploration into the world of professional knitting, was established shortly afterwards.

"We met up and decided to start our business there and then," Sally explained. "That was ages ago and we've done all kinds of things since then – set up a market stall, a shop, attended fashion shows, been across the world to New York and Milan – our knitting has taken us to all kinds of places."

In 1980, just a year after setting up Warm and Wonderful, one of Sally and Joanna's designs – a red sweater covered

Princess Diana wearing one of Sally and Joanna's creations

with white sheep plus a single black one – caught the eye of Princess Diana. After being snapped wearing the jumper at a public outing, Sally and Joanna suddenly experienced their first brush with fame.

"It was a great surprise to wake up and see our sheep sweater on the cover of the Daily Express!" Sally laughs. "We had no idea what a great thing for our business it would be."

However, it wasn't until their first forays into the world of publishing that Sally and Joanna discovered their true knitting niche.

Animal Magic!

Sally and Joanna's first book, *Pet Heaven*, was published back in 2007. The title centred predominantly around projects you could

make for your pet, including dog coats, cat cushions and even budgie blankets! Even back in this early publication, there was a small section dedicated to knitted animals, where crafters could find patterns for a fox terrier, a ferret, a guinea pig and a tortoise.

"We had a few knitted pets in our first book and people loved them," Sally explains. "We decided it would be a good idea to do another one centred solely around dog breeds. We thought it would be a one-off – we never thought we would now be publishing *Knit Your Own Dinosaur!*"

Since the publication in 2010 of the first title in the series, *Knit Your Own Dog*, the Best In Show collection has gone from strength to strength, with later titles encompassing cats, pets, farmyard friends, zoo animals and prehistoric beasts. The series is adored by knitters, crafters and animal lovers alike, with Sally and Joanna designing the critters to be as representative as possible of their real-life counterparts.

"At first it was very difficult to make the dogs in our first book as realistic as possible – there were many attempts, approximately two or three per dog," Sally explains. "*Knit Your Own Zoo* and *Knit Your Own Dinosaur* presented their own problems as there are many different shapes. It's all trial and error. We've got better at it since then so the process is a lot simpler!"

"A lot of the realism is achieved through colour, loopy stitches and manipulation of

stuffing. You can always embroider small details later on to make your new animal really come to life."

What do they think it is about their creations that captures a knitter's imagination? Sally thinks it's down to the small scale of her and Joanna's unique designs. "Everyone loves miniature versions of things, so for many people the idea of a little animal you can pop in your pocket is very appealing."

With 50 dogs, 25 cats and a whole host of other creatures to choose from, we can't believe that choosing a favourite is a simple task!

"The more exotic animals from *Knit Your Own Zoo* – such as the armadillo and the fruit bat – are particularly charming," Sally says, "but I also love the lamb, and Jo has a soft spot for the Jack Russell."

"We made a pangolin for World Pangolin Day this year, which is an animal that would have been nice to include in *Knit Your Own*

Zoo, but there wasn't enough room. They're very endangered – and it's also one of David Attenborough's favourites!"

Looking Ahead

With eight books and a bespoke knitwear company to their names, it looks like the only way is up for Sally and Joanna – but the pair certainly don't take anything for granted and are determined to stay grounded.

"There are both high points and low points in doing what you love for a living," Sally says. "The high points are being

able to work for ourselves – we're great friends and have good fun working together all of these years.

"But there are always low points, including when our Best In Show book got rejected by publishers – it took us a year to find one. There are always anxieties about keeping a small business going, too."

Most importantly for us knitters: do they have any plans to do another Best In Show book?

"We've just finished *Knit Your Own Dinosaur* and are wondering what to do next – any suggestions are very welcome!"

To find out more about Sally and Joanna along with their fabulous books, go to www.muirandosborne.co.uk. *Best In Show: Knit Your Own Dinosaur*, is out now, RRP £12.99, published by Pavilion Books, www.pavilionbooks.com

Truly Scrumptious

*Indulge in some tasty zero calorie
treats thanks to Lynne Rowe*

These sweet little cakes look good enough to eat! Inspired by the likes of some true delectable masterpieces such as key lime pie, toffee cheesecake and the traditional Victoria sponge, these puddings make use of various techniques to achieve a perfect finish, including a picot edge and intarsia colourwork. Give them to your child as playthings or keep them for yourself as decadent decorations!

Intarsia colourwork

The multi-coloured effect in the cake fillings is created by working intarsia. This is a form of colourwork involving two or more shades of yarn, with each different section of coloured yarn being worked from individual bobbins. When changing colours, the original shade is dropped instead of being carried along the back of the work, and the new one picked up from underneath the old shade to prevent holes.

"If you're not feeling brave enough for intarsia colourwork, you could simply knit the cake filling in one shade instead."

Faking it

These socks begin with a pretty picot cast on, which creates decorative points around the top of your sock. It is worked by casting on five stitches, then casting off two stitches. If you are finding it a bit fiddly, you could work a mock picot instead, as follows: Cast on using your preferred stretchy cast on method and join in the rnd

- Rnd 1-3: k
- Rnd 4: (k2tog, yfwd) to end
- Rnds 5-7: k
- Now continue in rib as given in the pattern

When the sock is complete, turn the cast-on edge to the inside of the work, folding at the eyelet row. Sew the cast-on edge in place and you'll be left with a neat row of points.

Alternatively, for a plain cuff, just work in 1x1 rib.

knitwise

Three-needle cast-off

This finishing technique is worked on the tops of the monsters' legs. This will neatly close the top of the leg, as well as simultaneously casting off your work. Place the two sets of stitches on separate needles and hold them parallel with the WS together. Insert a third needle into the first stitch on both the front and back needle and knit these two stitches together. Repeat for the next pair of stitches, so you have two stitches on your RH needle. Pass the first stitch over the second and off the needle, just as you would for a normal cast-off. Repeat these two steps until you have cast off all of your stitches.

I-cord should tie at side of Bag. Using yarn C for Green monster and yarn D for Yellow monster, make two pompoms 7cm in diameter and sew to ends of i-cord. Block Eyes into circular shape

GREEN MONSTER

Sew Large eye in place on front of Bag and stitch Small eye in a slightly higher position. Attach a

button to centre of each eye. Using oddment of black DK, sew a lop-sided smile using straight stitch. Attach Tooth, only sewing top of triangle in place. Stitch Leg patch on left Leg at an angle and use yarn D to over stitch in place. Using oddment of black DK, embroider a scar above left Eye

YELLOW MONSTER

Sew Large eye to centre of bag. Stitch Small eye in place on top of Large eye and stitch button in centre. Using oddment of black DK, sew a long mouth using straight stitch and attach Teeth along top of mouth, only sewing top of triangle in place. Sew cast-on and cast-off edge of Bow together - this will form centre of Bow. Wrap a length of yarn F around centre to make a bow shape. Stitch in place on monster above Eye, using image as a guide **LK**

*Meet Val Pierce's handsome
crocheted chameleon*

Go wild for crochet with this exotic-looking fellow! Complete with a glitter-trimmed hat, our chameleon is a real show-stopper. He's worked in simple double crochet stitches and from tail to nose is made in one piece. The ridges are created by pleating the fabric and sewing through both layers. You can sew the hat in place if you prefer, or omit it altogether. We think his slightly grumpy expression really adds to his charm!

meet our
DESIGNER

"Although there is little sewing up on this toy, you will have to take your time when stuffing and finishing him. Don't rush, just work methodically and you will be thrilled with the result."

crochet clever

Round and round

In this project, you need to close each round with a slip stitch and make a chain to lift the hook to the height of the next round; this chain does not count as a stitch unless stated. Do not turn the work at the end of each round, unless the instructions tell you to do so. The smoother side of the work that is towards you as you crochet is the right side of the fabric for most sections of this project.

To make up

Stuff Legs. Fold Toes in half and sew seam on each Toe. Mark halfway point of Leg and use a tapestry needle to sew running stitch around this point. Pull to gather and form knee. Secure end. Sew Knee pad over gathered thread. Starting at nose, pinch fabric and sew two stitches together to make a ridge, working through both layers of fabric. Using photo as a guide, sew a narrow pleat to make a ridge running from nose over top of Head to two-thirds of the way above Eye. Repeat for other Eye. Make another ridge running from nose underneath Head to end, stopping just past end of Eye. Repeat for other side. Starting where ridges end on top of head, make another ridge along centre of back to beginning of tail shaping. Curl last part of tail into a circle and secure with stitches. Sew an Eyelid over each Eye, adding a little stuffing as you sew. Attach Legs firmly to body. Make a small tassel and sew to crown of Hat. Sew Hat to Head, lightly stuffing if needed **LK**

5 Minute chat

**Rachael Warrilow,
owner of Sitting Knitting**

**What inspired you to open
Sitting Knitting?**

The inspiration came from the building itself: it's a beautiful little white stone building which is the perfect size for loads of lovely yarn and haberdashery, a great space for workshops and knitting groups. We also have a garden where we can sit on warmer evenings and car parking so it ticks all the boxes.

**What does Sitting Knitting offer
crafters in the area?**

We are your one-stop shop for knitting and crochet supplies with yarns to suit all tastes and budgets – from Fiberspates and John Arbon, fabulous value Rico merino to soft baby yarns for precious new arrivals. We also stock an extensive range of KnitPro needles and Clover Crochet hooks. We also have two popular weekly knitting groups.

**What are your favourite yarns at
the moment?**

I love Araucania Botany Lace and Mirasol Sulka Legato for fabulous shawls. Louisa Harding Amitola and Rico Essentials Merino are always incredibly popular and as someone who has finally caught the sock bug, there's always a ball of Opal sock yarn in my handbag.

**Why do you think bricks and
mortar yarn shops are so
important?**

Bricks and mortar shops are so important as places for crafters to socialise and share their love of knitting and crochet and you can only get a sense of how suitable a yarn will be by handling it.

Deputy editor **Adrienne Chandler** takes the mystery out of steeking, felting and drop stitch patterns

STEEKING

More commonly found in Scandinavian patterns, this technique came about to negate the need to work tricky purl rows on stranded colourwork designs. It involves working in the round, then cutting your knitting to create a flat piece of work. Steeking can turn a sweater into a cardigan or a tube into a blanket, and can also be used to add armholes to a jumper.

GETTING STARTED

Your pattern will tell you whether to use waste yarn for the steek stitches, or it will make adjustments in the colourwork pattern. When you have finished knitting, weave in any loose ends, making sure you weave them away from the steeking area. There are two common methods of steeking:

Using a sewing machine

This is usually worked over five stitches.

Step 1: Machine sew two lines of straight stitches down the centre of stitch 2, and do the same down stitch 4

You will now have tramlines running either side of stitch 3

Step 2: Using sharp scissors, cut down the centre of stitch 3

Steeked edge

Using a crochet hook

This is usually worked over five stitches and must be worked using a 'sticky' pure wool yarn. This will not work with a more slippery superwash yarn. When knitting, alternate the stitches to create one-stitch vertical stripes (shown here) or a chequer-board effect.

Step 1: Make a slipknot and place it on your hook, insert the hook through the centre of stitch 4 and join the yarn with a slip stitch

With both methods, you can now pick up and knit in stitches 1 and 5 to make buttonbands, work a top down sleeve or add an edging. When finished, fold the steeked edges to WS and sew in place.

Step 2: Insert the hook through the left leg of the v on stitch 4 and the right leg of the v on stitch 3 and work a double crochet stitch

Step 3: Repeat Step 2 down the vertical column of stitches to the end of the work, cut the yarn and fasten off

Step 4: Rejoin the yarn to at the bottom of stitch 2 with a slip stitch. Inserting the hook through the right leg of stitch 2 and the left leg of stitch 3, work a row of double crochet up the work and fasten off

You will now have two lines of crochet

Step 5: Insert your scissors between the two rows of crochet and cut up the centre of stitch 3, making sure you don't cut the crochet

Steeked edge

DROP STITCHES

Some patterns will ask you to deliberately drop stitches in order to create a specific pattern or effect. This could be an extra yarn forward (or number of yarn forwards) made on a previous row. These extra loops are easy to identify from your regular stitches. See how they are not joined to the previous row.

Simply let these loops slide off the left-hand needle to create elongated stitches.

Alternatively, the pattern might ask you to unravel an entire vertical column of stitches. This is more intimidating, but is easily done. Just slide the stitch off the left-hand needle and carefully pull at the horizontal strands to let the loops drop and form a ladder.

If you have only slipped the one stitch from your needle, this is the only column that will unravel.

FELTING

We've all seen jumpers that have been accidentally shrunk in the wash – they get smaller and the fibres matt together to create a thicker material. This is frustrating when it's your favourite top but there are times when a felted fabric is just what you need. It's strong, hard-wearing and keeps its shape, so is ideal for projects like bags, slippers or blankets that will see a lot of use.

WHAT YOU NEED:

Yarn: Not all yarns can be felted. First, look for a yarn that instructs you to wash it by hand and choose one that is made from natural animal fibres, such as a pure wool or a wool-alpaca blend.

Needles: If you want a tight, sturdy fabric, use the same size that is recommended for your yarn. For a more flexible material, use larger needles.

Washing machine: Most people use a washing machine to felt their projects, but it is possible to do it by hand, if you are prepared to do a lot of scrubbing!

A pillowcase: This will protect your knitting and prevent fluff escaping and clogging up your machine.

An agitator: To get the fibres to matt together, you need to create friction. An old pair of jeans works well, but you could also use towels or tennis balls.

HOW TO DO IT:

Felting is very much trial and error, and the finished effect will depend on many factors; the shrinkage in the yarn, the force of your washing machine, the length of the cycle and the agitator used, just to name a few. You can re-felt a project to get a tighter fabric, but it is difficult to rescue it if it goes too far. To see how much your project will shrink, you need to do a test swatch.

Step 1: Knit a 20cm square swatch – we've used needles three sizes larger than suggested on the ball band of the yarn.

Step 2: Place the swatch in a pillowcase, tie a knot in the pillowcase and pop it in the washing machine.

Step 3: Add some towels or a pair of old jeans. You can add a small amount of detergent if you want to, but make sure you choose a wool-friendly variety.

Step 4: As most UK washing machines have the loading door on the front, as opposed to at the top, choose the shortest cycle but one with a fast spin and set the machine

to a high temperature – preferably 60°C or above. If you're unsure how colourfast your yarn is, use a colour catcher, just in case.

Step 5: When the machine has stopped, remove your item and lay it out to dry flat.

Step 6: You can now re-measure the swatch and work out how much it has shrunk by. For a more felted effect, put it on for another cycle.

You now know that your yarn and washing machine reduces the size of your work by a certain percentage and can use this to work out how much bigger to knit your project. If you're unhappy with the result of your felted square, knit another swatch but experiment with different needles sizes.

Knit School is sponsored by HiyaHiya needles. The needles used in this tutorial were the interchangeable straight needles from the Bamboo Ultimate Knitting Set, which features 5" tips in small sizes from 2.75-4mm. We also used the straight needles from the Steel Pinnacle Knitting Set, which has tips ranging from 2.75-10mm. Lastly, we used a 4mm aluminium crochet hook. TENSION HEADACHE

It's really important to knit tension square before you begin a project. Not everybody knits the same way - some knit more tightly than others - and this will affect how the stitch pattern looks and the finished size of the item. Tension squares are usually presented like this:

22 sts x 30 rows
10cm x 10cm
stocking stitch
4mm needles

To knit your tension square, cast on the instructed number of stitches, in this case 22, plus five more. Then, using the needle size and same stitch pattern given, work the instructed number of rows, plus five more. Using a ruler and taking your measurements from the centre of the square, count the number of stitches and number of rows over a 10cm square. If you have more than you should do, it means your knitting is a little tight and you may need to use larger needles. Similarly, if you have fewer stitches and rows, use smaller needles to get the correct tension.

"Using the correct size of needles for the yarn weight helps to produce a taut, neat fabric"

AT A LOOSE END?

Follow these steps for weaving in any tails of yarn:

1. Thread the yarn on to a tapestry needle and work with the WS of the project facing upwards.
2. Insert the needle under the loop of each stitch, and draw it through. Work it

up and down the loops of the stitches for 8cm. An alternative method is to weave through the back of the stitch, splitting the strand of yarn as you sew.

3. Cut the yarn close to the fabric.
NOTE: In colourwork, weave the yarn tails into the matching colour section.

SUBSTITUTION

There are many reasons to want to substitute the yarn given in a project, from price to colour selection, but there are some important points to remember.

- Choose a yarn with a similar tension to the suggested yarn. Match the tension given on the ball band of the yarns, as the pattern may use a different stitch. Remember to do a tension square in the new yarn before you begin.
- Consider the fibre content of the yarn and how this might affect the finished project. For example, cotton yarn will knit up very differently to a wool yarn.

- Don't forget to check the care instructions of your new yarn. Not all yarns are machine washable.
- Look at the meterage of the new yarn, rather than the weight of the ball. Not all 50g balls have the same meterage and you don't want to run short when nearing the end of your project.

ON THE BLOCKS

Blocking is the process of stretching and shaping your finished items to create the correct dimensions from the pattern and even out your stitches. It is also really useful for ensuring that pieces to be joined fit well together. There are a few different ways to achieve this, so check the information on the yarn ball band and pick the most suitable option.

Wet blocking: dampen the pieces so that they are wet through and gently squeeze out the excess water. Lay out the pieces and pin them to the correct measurements,

then leave them to dry. For delicate fibres and lace projects, you can just spritz the pieces with a water spray, rather than submerging them fully.

Steaming: lay a damp cloth over your work and gently iron over the top – do not iron directly on to your knitting. Continue to iron until the cloth is dry. Another option is to gently hover over your work with the iron and apply steam until the knitting relaxes, this is good for delicate projects and textured stitches. Pin to the desired measurements and allow to set.

Capri Sunrise (p13)

There are corrections for the Eighth size (size 22)

When you divide for the back neck, k 51 sts, then place 41 on the holder. This will ensure your back neck is central

DIVIDE FOR FRONT OPENING

- Row 1: k66, cast off six sts, pm to mark new beg of rnd, k66 including last st from cast-off, pm, k138, sm (this now marks Left side), k66. 270 sts
- Beg with a p row, work in st st without shaping for 8cm, ending after a p row

NECK SHAPING

Work as instructed, adding one stitch to final stitch count.

- For example:
- Row 1: cast off four sts, k to end. 37 sts
- Row 2: cast off eight sts pwise, p to end. 29 sts

This means you will finish with five stitches before casting off

RIGHT & LEFT FRONTS

Rejoin the yarn to 66 sts and add one to final stitch count on each row, including sections where you are decreasing on one edge only.

- For example:
 - Dec at neck edge only on every RS row until 21 sts rem
 - Cont to dec at neck edge on every fourth row four times. 17 sts
- You will now finish with five sts before casting off, so the fronts will match the Back

ARMHOLE SHAPING

- Row 1: k to first marker, place 66 sts just worked on holder for Right front, cast off 11 sts, k to next marker, place last 66 sts on holder for Left front. 127 sts
- Work as instructed adding two stitches to final stitch count on each row.
- For example:
- Row 2: cast off 11 sts pwise, p to end. 116 sts
- Row 3 (RS): k1, ssk, k to three sts before end, k2tog, k1. 114 sts

KNIT STITCH

1 Once cast on, insert the tip of the right needle upwards and from front to back into the top stitch on the left needle. The right hand needle should sit behind the left hand one. Wrap the ball end of yarn anticlockwise around the tip of the right hand needle.

2 Using the right hand needle, pull a loop of the wrapped yarn through the original stitch to create a new one on the right hand needle. Slide the original stitch off the left hand needle. Repeat from step one. You are now knitting! The knit stitch can be combined with other stitches to create hundreds of different stitch patterns.

HELPING HAND

If you need a refresher on basic knitting techniques, visit our website www.letsknit.co.uk.

You'll also find the following step-by-step instructions in the magazine:

Steeking, felting, drop stitch patterns,
see all these techniques on p89

p89

MAKING A SLIP KNOT

1 Holding the yarn under your left thumb, wrap it twice around your left index and middle fingers, with the second loop closer to the base of the fingers. With the backs of the fingers uppermost, insert the tip of the needle beneath the first loop and over the second, and pull the second loop under the first.

2 Remove the two fingers and gently tug on both ends of yarn to tighten the slip knot around the needle.

GRAFT THE TOE

Kitchener Stitch is the method used to achieve this. It is worked as follows:

SET UP: Before starting you need to prepare the stitches on the needle. Hold the two needles with the remaining stitches parallel. The loose end of yarn should be coming from the back needle and lying to the right of the work.

1 Thread yarn end onto a tapestry needle and insert it purlwise into the first stitch on the needle closest to you. Pull the yarn through but leave the stitch on the needle.

2 Insert the tapestry needle knitwise into the first stitch on the back needle and pull the yarn through, leaving the stitch on the needle.

3 Having set up as shown in steps 1 and 2, repeat steps 3 and 4 until all stitches have been grafted. Insert the tapestry needle knitwise into the first stitch on the front needle and slide the stitch off. Before you pull the yarn through this stitch insert the tapestry needle into the next stitch on the front needle purlwise and pull the yarn through, this time leaving the stitch on the needle.

4 Insert the tapestry needle purlwise into the first stitch on the back needle and slide it off. Before pulling the yarn through this stitch, insert the tapestry needle into the next stitch on the back needle knitwise and pull the yarn through, leaving the stitch on the needle.

CABLE CAST ON

1 Create a slipknot on your left hand needle, pulling it taut (but not too tight). Carefully insert the right needle into the knot from front to back, passing under the left hand needle. Wrap the ball end of yarn anticlockwise around the point of the right needle.

2 Pull the loop that forms back through the original stitch (knot) and insert the tip of the left hand needle into the new stitch from underneath to transfer it from the right hand to the left hand needle. There should now be two stitches on the left hand needle.

3 Insert the right needle between the two stitches on the left needle and wrap the yarn around the needle tip anticlockwise. Draw this loop through to make a stitch and slip it up and onto the left needle. Repeat this creating a new loop behind the last stitch and passing its left needle in front of the previous one.

BACK STITCH

1 Pin the pieces to be joined, with the right sides together. Thread the loose end of yarn onto a tapestry needle. Start by stitching the two outer edges together, then bring the needle through the two pieces 1cm from back to front ahead of the previous stitch.

2 Push the needle back through at the position where the yarn emerged from the previous stitch. Return it to the front of the work, approx 1cm ahead of the stitch just made. Repeat this until the whole join is complete, working in a straight line.

JOINING CAST OFF EDGES

1 Lay the two pieces to be joined right side up and with the cast off edges touching. Thread a tapestry needle with the loose yarn and push this through the centre of the first stitch, and then in and out through the centres of two stitches on the opposite side.

2 Take the needle over to the first side and insert where it previously exited, bringing it out through the centre of the next stitch. Repeat this process alternating sides and stitching single stitches until the pieces are joined.

BEGINNING A SEAM

1 With the pieces placed next to each other with right side upwards, thread the yarn tail through the fabric after the first stitch, moving the needle from front to back. Then, take the needle behind the first stitch on the second piece from the back of the work to the front. The yarn will form a figure 8. Tug gently to secure.

MATTRESS STITCH

1 With the two pieces to be joined lying next to each other, hook the horizontal bar of the first stitch with the tapestry needle. Move to the other piece and hook the first horizontal bar of the stitch on that side.
2 Repeat this moving from one piece to the next and pulling the yarn to tighten the join.

with Jamieson & Smith

What's the story behind Jamieson & Smith?

Jamieson & Smith has been around since the 1930s when it was founded by the Smith family of Berry Farm in Scalloway, Shetland. We buy real Shetland wool from over 700 local crofters and farmers and turn it into a wide range of products. We are best known for our 100% Shetland wool yarns which we produce in weights from cobweb up to chunky. Everything we do at Jamieson & Smith is with the aim of enhancing the profile of Shetland wool – therefore we actively play an important part in sustaining Shetland's fragile crofting industry, as well as our textiles industry and heritage.

You've been nominated in the British Knitting Awards 2015! How does it feel to know that Let's Knit readers have named you as one of their favourite British wool brands?

We were so delighted and pleased to be nominated last year and to come in third place was amazing, so we are really happy to have been nominated again. We are a very small company (there are six of us at Jamieson & Smith in Shetland!), so it is brilliant that both Shetland wool and Jamieson & Smith have such a wide reaching audience.

You sell your products through your online store – how important do you think having an internet presence is for a business?

It is extremely important for us to have a strong online presence. Shetland is the most northerly island in the UK and it requires either a plane or boat journey to get to the mainland. We were very early in having a mail order business in Shetland, so the natural next step was having an online shop which opens us up to a huge range of people across the world everyday! We also can connect to our customers on a wide range of social media platforms, which means we can answer queries and offer help around the clock. We also run a blog where we tell people about the raw wool, yarn production, the yarns themselves and share some aspects of Shetland culture and heritage.

Can you tell us a little about what you've got planned for autumn and winter 2015/16?

We have a few projects on the go for this autumn and winter season, including a few book and pattern releases – so keep your eyes out for more from Jamieson & Smith!

“Design based on what you like... And don't give up!”

We chat with **Rachel Borello** about knitting, Yarnigans and her super-cute new book

There isn't a crafter in the world (to our knowledge, at least!) who can resist a knitted toy, and we have to admit that we have a soft spot for Rachel's quirky and characterful creations! Having started making her so-called Yarnigans back in 2006, Rachel's hobby of making handmade toys is now a full-time job, with a website, a Tumblr blog and an Etsy shop dedicated to her sweet little critters. Her first book, *Adorable Teddy Bears to Knit*, is released this month!

I first learned to knit at 18, while I was an exchange student in Japan. My mother taught me to crochet when I was quite young. She and my grandmother both crocheted, so I would use scraps of my mother's yarn to make things like blankets for my cats. I didn't learn to knit until college, when my room-mate taught me - it took me quite a while to get the hang of it.

Yarnigans started out as an Etsy shop selling crocheted toys in 2006. After a couple of years, my focus switched to knitted toys because crocheting so much was hard on my hands and wrists. Now, Yarnigans is on Etsy, Ravelry, Craftsy, Martha Stewart's American Made market and boutiques around the world. In addition to selling the finished toys, I also sell the patterns so you can make them yourself!

My new book, *Adorable Teddy Bears to Knit*, was such an amazing opportunity and fun project for me. The book has patterns for ten different bears that each have their own look and knitted accessories. The bears are all on the same scale, so the accessories are interchangeable. It also includes really detailed instructions on finishing and assembling, which is great because that's so crucial to making a project you can be happy with. The photography is just beautiful and I think people are really going to love making the bears!

The first toy I designed myself was a crocheted monkey made out of loopy acrylic yarn. I was so excited to watch it come together that when the first one was done I immediately made three more! I was searching online for amigurumi to see what other people were doing, and I found Etsy. It was in its early days, and it just seemed like such an amazing marketplace - I knew right away that I wanted to get involved and have my own shop.

If you're a designer looking to make it in the knitting or crochet world, take a look at Ravelry - it has a great group for designers where you can see current calls for submissions from publications. I would also say that you need to constantly work on improving your skill - you can never be too good.

Design based on what you like, not on what you think will sell. Don't be afraid to change things up. And don't give up!

TOP FIVE

Anna's top choice of yarns in her stash

- Cascade 220, shade Aspen Heather** - One of my favourite colourways!
- Cascade 220, shade Amber** - Another inspiring hue! The yarn is simple and high quality, too.
- Cascade Lana Grande, shade Irish Oatmeal** - Super chunky and great for quick projects.
- Be Sweet Bambino** - The colours are amazing and it's my favourite organic yarn.
- Knit Picks Billow** - I love the texture and softness of it.

To make up

Weave in ends, leaving cast-on and cast-off tails for sewing up. With wrong sides together, fold each Leg in half then sew claw and leg seam. With WS together, sew along back and around tail to 2cm from back of back legs. Sew cast-on row of Tummy to top of tail, 2cm from back of back legs. Sew along Tummy to head, leaving 4cm unsewn at head for Jaws. Ease Tummy to fit body and sew in place, leaving a 2.5cm gap between front and back legs on one side. Place head and Jaws together with cast-on edge on bottom jaw, and sew together. Fold a pipecleaner into a 'U'

shape and measure against back legs. Cut to fit, leaving an extra 2.5cm at both ends. Fold over the ends so you don't have a sharp edge. Wrap a small amount of toy stuffing around pipecleaner and insert it into Legs so they are positionable. Cut a 13cm pipecleaner and fold one end over, wrap stuffing around it and insert it into Tail. Lightly stuff top of head and lower jaw. Firmly stuff body, shaping as you go. Cut a pipecleaner to fit each front leg adding 2.5cm to fold over for safety and another 2cm to enable you to insert it into the body. Wrap stuffing around pipecleaner

and lightly stuff. Insert pipecleaner into Front leg, then push other end of pipecleaner into body at seam, 2.5cm from front of back leg. Sew Front leg to

body and bend into shape. Using yarn D, embroider two French knots for eyes. Using yarn F, embroider French knots for teeth around edge of Jaws **LK**

About the Yarn

This yarn was exclusively dyed and produced for Let's Knit magazine. It is an acrylic yarn that knits to a standard 4ply tension. You may need to add more red and white yarn from your stash if the quantities aren't sufficient.

Need an Alternative?

In the book, the main yarn used is Rowan Felted Tweed DK in shades 145 Treacle, 161 Avocado, 190 Stone and 150 Rage. The yarn is a mix of 50% merino wool, 25% alpaca and 25% viscose. There is also a small amount of Rowan Pure Wool 4ply in black and white for the details.

Let's Shop

Rowan Felted Tweed DK costs £7.25 per 50g (175m) ball and Rowan Pure Wool 4ply costs £4.95 per 50g (160m) ball from 01829 740903, www.laughinghens.com

Freddie the Velociraptor

Use your free yarn to make your own dino from Sally Muir and Joanna Osborne's brand new book!

Inspired by the velociraptors in the 1993 movie Jurassic Park – albeit much cuter – Freddie is full of adorable details from his patterned back to not-so-sharp claws. He's just one of the makes featured in the latest addition to the Best in Show series, Knit Your Own Dinosaur. He takes time to make but he's well worth it.
